# LAON CAPTURED; ALLIED FORCE AT GATES OF DOUAI.

## WIPES OUT CITIES.

**Flames Sweep Over Towns.**

**Conflagration Engulfs Hundreds of Homes in Minnesota.**

**Hundred Reported Dead Property Damaged in Millions.**

(BY A. P. WIRE.)

LAON, Oct. 13.—With the French army today, the town of Laon was the last of a group of natural obstacles forming the keystone of the German defense in France. It was captured without a fight.

PARIS, Oct. 13.—The German stronghold of La Fere, with a great part of the St. Gobain massif, of which La Fere was a northerly outpost at the Oise, has been captured by the French, today's official statement announces.

LONDON, Oct. 13.—The British are within a few hundred yards of Douai, Field Marshal Haig reported today officially. They have captured the Faubourg d'Esquerchin, the Douai prison and the greater part of Fiers, close to Douai on the northwest.

BERLIN (via London) Oct. 13.—Nish, capital of Serbia, has been occupied by Entente forces, the War Office announced today.

WITH THE AMERICAN ARMY NORTHWEST OF VERDUN, Saturday, Oct. 12.—"The American troops on both sides of the Meuse have obtained their objectives," was the official characterization tonight of the day's operations. The total prisoners taken since September 26 is 17,659.

LONDON, Oct. 13.—The German retreat along the western front continued Sunday in an orderly manner. There are no signs yet of a general debacle.

**BATTLE SUMMARY.**

**FOUR HUN BARRERS FAILED.**

The German battle line in France continues to bend under the attacks of the Entente Allies, but nowhere has it been broken. The enemy almost everywhere is in retreat toward new positions. But his retreat is orderly and the British, French and Americans are being compelled to fight their way forward slowly in the face of enemy machine-gun detachments acting as rear guards.

The British advance after days of hard fighting has brought them at last to the gates of Douai, which long has held back the British from clearing the way to the great battle line which has little as its center and which has been considered by the military experts as the keystone to the German defense system through Northern Belgium to the sea.

The south of the French have blotted out both La Fere and Laon and the greater portion of the St. Gobain massif standing in the way of the British advance toward the Swiss frontier. Here also the Germans have been driven back by the British, who have reached by the British in their push up the easterly bank of the Scheldt Canal, southeast of Douai. They have captured in this sector the town of Montecourt, barely seven miles from the outskirts of Valenciennes, and almost directly south of that city.

WITH THE FRENCH ARMY IN FRANCE, Oct. 13, 3 p.m.—Gen. Gouraud's troops in pursuit of the Germans have reached the banks of the Aisne, the edge of which passes south of Rethel and Chateau Porcien. Five thousand civilians have been liberated in the villages and towns taken from the Germans.

**HUN HATE SEEN IN FLAMES.**

**German Savagery Wreaking Vengeance of Despair on French Towns.**

## KAISER'S FALL GERMANS' HOPE.

**Berlin Bourse Hears Emperor Is to Quit and People Soon Freed.**

(ATLANTIC CABLE—EXCLUSIVE DISPATCH.)

LONDON, Oct. 13.—An Amsterdam dispatch says: "The excitement in Berlin is said to be extraordinary. People are kissing one another in the streets, though they are perfect strangers, and shouting peace congratulations to each other."

In the present circumstances any politician or general who would openly oppose acceptance of Wilson's terms would be swept away by a furious mob.

"Once more the question has arisen in Germany today: 'What are we going to do with the Kaiser?' Rumors of his early abdication, again spread on the Berlin bourse and have even been telegraphed to German firms on the Amsterdam bourse. In spite of official denials, the belief gains ground in Germany that there is truth in the report that the Kaiser seriously is thinking of abandoning the throne, especially as many persons in Germany and probably the majority of the working classes openly regard his retention of the throne as the most serious obstacle to peace."

ZURICH (Switzerland) Oct. 13.—In an extraordinarily outspoken article the Frankfurter Tagespost, the Nuremberg Socialist organ, today demands the abdication of the German Emperor. It declares responsibility for the present situation rests on him and says that as the military situation is about to collapse he must be the last of the military monarchs.

ty-five farm buildings were counted by passengers all a mass of flames. Some of the finest cattle in the country in this stock-raising section perished. Several women among the refugees were burned and one man who lost his life, suffering from burns, died in the hospital.

Grand Rapids was reported to be burning last night, but as all wires were down the report could not be verified. Case Lake, threatened by fire at 5:30 p.m., made no later report and heavy loss was con-

Special trains waited to carry the people of Two Harbors out of that town, which was almost completely destroyed. The town was burning up to the town, proving too strong for efforts of hundreds of fire fighters.

When the last of four Great Northern trains pulled out of Cloquet last night carrying away the last eighty inhabitants, every building in that city was ablaze except the railway station.

Nine thousand people escaped after the Great Northern canceled all other rail service to go to their homes. The train was delayed by fire at 10:30 last night. It was composed of freight cars.

Fire first started at Cloquet at 8 o'clock last night, when brush fires spread to four other lumber yards in the town, and the flames in the vicinity of the yards. Realizing the futility of attempting to combat the conflagration, a general alarm was sounded.

Every available whistle was blown, bells were rung and finally runners were sent from door to door warning the people to save themselves. Hundreds of people fled to the station, where a train waited there. It was jammed to capacity and steamed out.

WASHINGTON, Congress is likely to put in some time discussing the German reply this week; \$9,000,000, one cent more than the amount reported in House Wednesday.

More than 9000 soldiers have died from influenza and pneumonia in army's total number of cases reported as 254,968.

GENERAL EASTERN, War news factor in making lively week of trading on New York Stock Exchange. Leaders may Liberty Loan drive will be success.

## CALIFORNIANS' MAIDEN BATTLE DEFEATS HUNS.

**Wild Western Division in First Fight Whips Prussian Guard; Highly Praised by General.**

(BY HARRY A. WILLIAMS, The Times' Own War Correspondent in France. (SPECIAL CABLE.)

SOMEWHERE IN FRANCE, Oct. 13.—Fitted against the best troops that the Kaiser had to offer, outnumbered and operating through territory almost as strong as the Hindenburg line, California, Oregon, Washington and Montana troops smashed the Germans hard and won high honors in their maiden effort.

Roughly speaking, they advanced fifteen kilometers through a rough, wooded country of great natural strength, webbed for miles with heavy barbed wire entanglements and honeycombed with deep underground works. They went over the top in the vicinity of Avécourt and a point beyond Ecles Fontaine witnessed the culmination of their efforts.

Sometimes without artillery support, as rain made it difficult to bring forward the guns, the men forced their way for miles with rifle, bayonet and revolver by sheer courage and a dash that swept two divisions of Prussian guards before them. Inside of four days they had attained and consolidated their objectives and not a foot of the ground taken would they relinquish in the face of heavy artillery fire with which they were drenched by the enemy guns.

Operating to the east of the Argonne Forest with Montfaucon, that Gibraltar of the land, on their right, they cleaned out Cheppy Wood and swept on victoriously through numerous towns defended by batteries of the enemy artillery.

All this was at a heavy price, but in a manner to gloriously uphold the traditions of the West. California, north and south, played a brilliant role. No group of men ever received their baptism of fire more heroically or more unflinchingly. They fought with the coolness, courage and skill of veterans and the indomitable spirit of the West. Those who died, died like men. Their graves stand outposts on the frontiers of humanity.

In relieving the division the corps commander in written orders said this relief resulted solely from a realization by the higher command that "your division has done its full share in the recent success. Please extend to your officers and men my appreciation of their splendid behavior and my hearty congratulations on the brilliant record they have made."

## NEW EATING HOUSE RULES.

**Hoover Curtails Food Amounts to be Served, Asks Fewer Dishes be Used.**

(EXCLUSIVE DISPATCH.)

WASHINGTON, Oct. 13.—Approximately 9,000,000 persons who eat in public eating places will be affected by new regulations issued by the Food Administration. The new rules will limit the amount of food served in public eating places to a maximum of one-half cup of soup, one-half cup of meat, one-half cup of vegetables, one-half cup of fruit, one-half cup of dessert, and one-half cup of coffee or tea.

Grand Rapids was reported to be burning last night, but as all wires were down the report could not be verified. Case Lake, threatened by fire at 5:30 p.m., made no later report and heavy loss was con-

Special trains waited to carry the people of Two Harbors out of that town, which was almost completely destroyed. The town was burning up to the town, proving too strong for efforts of hundreds of fire fighters.

Every available whistle was blown, bells were rung and finally runners were sent from door to door warning the people to save themselves. Hundreds of people fled to the station, where a train waited there. It was jammed to capacity and steamed out.

## LEAD NOTE IN LONDON.

**Unconditional Surrender is Growing Cry Throughout Great Britain.**

(BY A. P. WIRE.)

WASHINGTON, Oct. 13.—The government asks the American people to withhold their judgment of Germany's note until President Wilson has received the official communication and has had opportunity to consider it.

LONDON, Oct. 13.—The text of the German reply to President Wilson's note reached the British Foreign Office today from the British Minister at The Hague. The Foreign Secretary, Balfour and Bonar Law, Chancellor of the Exchequer, immediately left with it to confer with Premier Lloyd George, who is spending the week-end in the country.

It is unlikely any responsible British minister will make any detailed declaration on the situation. The next step seems to be for the President to consult with the Allies for a general consideration of the German answer.

"Unconditional surrender" is rapidly gaining popularity with the average citizen as a response to the German document, and many would not be satisfied with anything less. This feeling is accentuated by the German attempt to destroy Calcutta and the raising of villages by the enemy in the great battle line in the line which has little as its center and which has been considered by the military experts as the keystone to the German defense system through Northern Belgium to the sea.

The south of the French have blotted out both La Fere and Laon and the greater portion of the St. Gobain massif standing in the way of the British advance toward the Swiss frontier. Here also the Germans have been driven back by the British, who have reached by the British in their push up the easterly bank of the Scheldt Canal, southeast of Douai. They have captured in this sector the town of Montecourt, barely seven miles from the outskirts of Valenciennes, and almost directly south of that city.

WITH THE FRENCH ARMY IN FRANCE, Oct. 13, 3 p.m.—Gen. Gouraud's troops in pursuit of the Germans have reached the banks of the Aisne, the edge of which passes south of Rethel and Chateau Porcien. Five thousand civilians have been liberated in the villages and towns taken from the Germans.

**HUN HATE SEEN IN FLAMES.**

**German Savagery Wreaking Vengeance of Despair on French Towns.**

**BY WALTER DURANTY.**

(ATLANTIC CABLE—EXCLUSIVE DISPATCH.)

WITH GOURAUD'S ARMY, Oct. 13.—From the eastern border of the Argonne to the historic town of Guise, the whole countryside before the victorious French armies is a sea of flames. German savagery is wreaking the vengeance of despair on the towns and villages of fruitful France, ever hated and envied by the Germans since the days of Caesar.

The wanton destruction of Novion by mines fired by electric device is being repeated on a scale a hundred-fold greater. Troupes, entered by Gouraud's troops yesterday, is a mere shell. The blackened walls of gutted buildings cry the proof of deliberate arson everywhere to heaven. It is impossible to mistake the difference between the damage wrought by shells and fire.

Along the banks of the Aisne a row of old-fashioned country houses, with well-kept gardens sweeping down to the river, have all been destroyed by flames and their skeletons, still upright, form a striking contrast to the tumbled ruins of the station at the north end of the town, now smashed by French air bombs.

It seems almost as though the German military chiefs were deliberately trying to create a barrier of hatred between the olive branch so eagerly proffered by the civil authorities. Again and again I have heard French officers express astonishment at such apparently purposeless destruction at the very hour when Berlin appears ready to surrender.

FRENCH ARE BITTER. "Do the Germans think they can hoodwink your President," they ask, "into permitting them to evacuate the desert they are making of Northern France so as to reconstruct a new army whose retreat is now a door to impossible without disaster?"

## SERBS TAKE NISH; LA FERE FALLS.

**Americans Win Objectives, Take 17,659 Prisoners; Hun Retreat on Western Front Continues; German Line Cracks on Sixty Mile Front.**

(BY ATLANTIC CABLE AND A. P.)

WITH THE FRENCH ARMY IN FRANCE, Oct. 13.—Laon was entered by the French troops today. Laon was the last of a group of natural obstacles forming the keystone of the German defense in France. It was captured without a fight.

WILSON MEETS WITH  
PEACE INQUIRY BOARD.

[BY A. P. NIGHT WIRE.]  
NEW YORK, Oct. 13.—President Wilson yesterday inspected the work conducted by the Commission of Inquiry, which under the direction of Col. E. M. House, the President's closest friend and adviser, is gathering information for the use of the American government at the peace conference to follow the defeat of the Central Powers.

Why Should YOU  
Buy More  
Liberty Bonds?

Because you don't want to delay the hour of victory.  
Because you will not want the good name of Los Angeles dishonored.  
Because you will not want to later look our boys in the face and say "We failed."  
Because if the fighting should cease to-morrow, the Government must have this \$6,000,000,000 and more.

**MORTGAGE GUARANTEE COMPANY**  
JAMES H. ADAMS, President.  
Capital, Fully Paid, \$2,500,000.  
626 South Spring Street, Los Angeles.  
Home 10707. Main 5607.

Los Angeles - the War-Service City

STIMULATED by the demands of war, Southern California's crop of beans—the fighter's staple food—this year will surpass in value her yield of oranges. Over 8,000,000 bushels will be harvested, with an average value of \$4.50 per bushel—a total of more than \$40,000,000 from 478,000 acres.

This year the Government has commandeered the entire supply of straw yielded in the threshing of beans. This will be used as cattle feed. One of the huge threshers employed in preparing beans for our Army and Navy turns out 2000 sacks of 80 pounds each a day, and 50 tons of straw—equal to nearly \$20,000 in food value.

Now, as always, this bank is prominently identified with California's great bean industry. Among our friends and customers are many of the leading bean growers of the Southwest.

**LOS ANGELES TRUST AND SAVINGS BANK**  
Capital \$1,500,000  
Surplus \$1,675,000

## THE CITY AND ENVIRONS.

### To Honor Poets.

Poets of the home-grown variety are to be guests of honor at a meeting of the Scribner League, Saturday evening, at the Sierra Madre Club. Mrs. Sarg. Earl will be in charge.

### To Omit Meeting.

Because of the Health Commissioner's ban on meetings, the Massachusetts State Society will omit its October gathering, which had been scheduled for Tuesday evening in the Times Assembly Hall.

### For Annapolis Vacancy.

An examination to fill a vacancy in the Naval Academy at Annapolis will be held at the office of the secretary of the Civil Service Commission in the Federal Building, Friday.

### Postpone Meeting.

The meeting of the Sinal Chapter, Young Israel, Twelfth and Valencia streets, which was postponed until the Wednesday evening immediately following that uniting in the influenza ban, Louis M. Cole, Federal Food Administrator, will speak.

### To Tour the Orient.

Under the direction of D. F. Robertson, Hibernian Building, the following Angelenos leave Sunday on an extended tour to Honolulu, Japan, China and the Philippines: Miss Peggy Hill, R. C. Treman, A. W. O'Brien and Miss Small, also a party of twenty-one Japanese returning on a visit to the land of the Mikado.

### For Forest Ranger.

An examination will be held for forest ranger, October 18, and applicants for the position should at once communicate with R. H. Charlton, supervisor of the Angeles National Reserve. The job pays \$1200 a year, but the ranger is expected to furnish his own horse, the government allowing 150 a year for the keep. There is expected to be a number of applicants for the employment.

### WAR NEWS PARAMOUNT AS A MARKET FACTOR.

### FINANCIAL INTERESTS SAY LIBERTY LOAN DRIVE IN FINAL WEEK WILL SUCCEED.

### NEW YORK, Oct. 12.—Consistently good war news and the many political portents indicating early

destruction of the central alliance were the paramount factors of the active week in the securities market.

The only adverse development, and that was regarded as merely temporary, was the apparent halt in the Liberty Loan campaign, with time interests as a whole expressed their firm conviction, however, of the unequalled success of that uniting in the final week of the drive.

Dealings in stocks were broad, the net result distinctly favoring the bull account, but trading was largely of speculative origin in spite of the rigid money market, with time funds at an absolute minimum.

Investment inquiry for utilities, especially for the central alliance, followed the government's announcement, practically guaranteeing existing dividends, and raising later rose spiritedly on authoritative denial that disbursements to the shareholders of those properties were being held back.

Next to United States Steel, which closed and firmed in a radius of 3 1/2 points and closed the week at a little more than a point, an enormous percentage of the daily operations consisted of shippings and oils at extreme gains of 10 to 15 points.

Motors, gas shares and some two more specialties vaguely classified as peace stocks furnished much of the usual quota at variable but mostly substantial gains.

Existing Liberty Bonds were very active and higher in the main, but in no instance did they approximate their maximums.

Foreign bonds, especially French municipals, stiffened, but Russian issues featured the trading on the Curb, external 5 1/2's and 4 1/2's advancing 15 to 20 points on accumulation generally attributed to well-informed sources.

### LOS ANGELES TO GET TUBERCULAR HOSPITAL

### WASHINGTON, Oct. 13.—Los Angeles may get a new military hospital for the special reception of disabled soldiers suffering from tubercular troubles. Ten and a half million dollars are to be expended immediately for disabled soldiers' care in new hospitals.

The total expenditure for this purpose asked of Congress at this time is \$21,000,000, according to Lieut.-Col. C. E. Banks of the United States Army Medical Department.

### JUDGE WEST TO FIX HANGING DATE AGAIN.

### SANTA ANA, Oct. 13.—Edward Keyes, convicted of murdering eleven-year-old Leonard Herwick last December, has been brought back from San Quentin to Judge West may again fix a date for his hanging. Keyes' appeal failed.

The Herwick boy was beheaded, his body being thrown in a drain and his head hidden under a railroad bridge.

## TO RESTRICT ALL BUILDING.

### Proposed Construction Body is Organized Here.

### Will Pass on Applications to do Work in War Time.

### Doesn't Affect Government, Mines Nor Railroads.

Due to the great interest manifested by owners of property and builders in the announcement of the War Industries Board restricting building operations during war time, the proposed construction committee of the Los Angeles county division, State Council of Defense, Wednesday evening, almost daily at the Chamber of Commerce, considering applications for the erection of new buildings.

It is necessary that a building be presented to the committee at the Chamber of Commerce, whether they are essential or non-essential, after which the petitions that have been passed favorably or unfavorably upon are sent to Washington for final acknowledgment, through C. C. Moore, State chairman of the National Council of Defense.

Those requirements have no connection whatever with the usual building permits required by the city and county building and electrical departments.

The committee, which was appointed by R. W. Fridman, county chairman Los Angeles county division, State Council of Defense, consists of H. W. Keller, chairman; B. S. Young, secretary; J. J. Backus, Donald Barker, D. F. McGarry and C. M. Stamm, representing the various business and trade interests of the city.

No federal permits or licenses are required for army, navy or other Federal government work, for repairs to existing buildings not exceeding \$2500, work under the Federal Railway Administration, construction work at mines producing coal, metals and ferro-alloy minerals, and new farm construction work not exceeding \$1000. Builders are requested to consult the proposed construction committee at the Chamber of Commerce where any permit is necessary.

### INFLUENZA VICTIM.

### VENTURA, Oct. 13.—After several days' illness with Spanish influenza, Tor Goudrich, well known here, is dead at Blythe. Goudrich's wife was Miss Helen Donlon of Oakland, who is ill with the same disease. Mr. and Mrs. Goudrich and child were expected here in a few days for a visit with friends.

## First Well Day in Five Years

Misery He Suffered Was Awful Says Harrell

Los Angeles Man Was Becoming Alarmed.

Tanlac Brings Relief and Troubles Disappear.

"It's a positive fact that Tanlac brought me the first relief I was ever able to get from anything I have taken in the past five years," said John W. Harrell, living at the Chapman Hotel, 301 East Fifth street, the other day. Before coming to Los Angeles Mr. Harrell ran a farm in Gen. county, Idaho, and was afterwards employed in the shipyards at Portland, Ore.

"I have been a farmer most of my life," he continued, "and the work is mighty trying when a man is not in condition to stand it. Several years ago, when I began to go down hill I lost my appetite, and the little I did eat would sour on my stomach and I would get up in the morning and feel as if I was burning up with fever and the next a chilly feeling would almost make me shiver. My head was filled with catarrh and the mucus that gathered in my throat almost choked me at times. I just couldn't get any rest at night and would feel so tired and worn out in the morning that I could hardly drag myself off to work. I had no life or energy about me and I felt so drowsy and heavy that I really wasn't fit for work, for I was just about down and out. My strength was leaving me, too, and I felt that I just had to do something to get relief or I might break down altogether."

"I tried several different medicines, but nothing did me any good. There I heard that Tanlac was fine blood purifier and stomach medicine, so I got me a bottle a few weeks ago. I began to improve right from the start and have been getting better every since. I can eat most anything I want and am never troubled with sour stomach or gas like I was before. In fact I have been entirely relieved of my indignation and have a sign of it left. That awful catarrh is almost all gone and my throat and chest are clearer than they have been for a long time. I sleep like a log at night and get up feeling fine and dandy. I am gaining strength every day, and if I continue to improve like I am doing now I won't be long before I shall be as well and strong as I ever was, and ready for any kind of work."

Tanlac is sold in Los Angeles, Pasadena and San Diego by the Owl Drug Co., under the personal direction of a special Tanlac representative. (Advertisement.)

## VITAL RECORD.

### DEATHS.

With Funeral Announcement.

MORGAN, October 13, 1918. Oscar C. Morgan, beloved husband of Frances Morgan, died at his home, 1218 S. Main St., Los Angeles, California, at 10:30 a.m. Burial at Forest Lawn cemetery, Los Angeles, California, at 2 p.m. Burial at Forest Lawn cemetery, Los Angeles, California, at 2 p.m.

# DON'T BE A LIBERTY LOAN SLACKER, HELP PUT LOS ANGELES OVER THE TOP.

## MAKE YOUR DOLLARS PATRIOTIC.

### Supreme Hour of Humanity is Striking, Says Liberty Loan Committee in Eleventh-Hour Appeal to Southland Citizens.

Humanity's supreme hour is striking. Confessing none of the national weakness her crumbling military evidences, autocratic Germany's bid for a negotiated peace is under consideration in the capitals of democracy. The most momentous decision of history, whether the Hun at last is capable of a binding agreement or whether there must be administered to a still deceitful, cruel and arrogant people the supreme military defeat he would avoid, soon will be made. Our President comes the fearful responsibility for that decision. His voice must be that of a united and purposeful America, consecrated to the last drop of blood and tears of her stupendous wealth, that the foe before us and the gallant Allies beside us know that his words are as freighted with power for execution as they will be with justice and reason.

It is not for us to interpret this situation. Rather, it is for us to perform immediately our duty by the Fourth Liberty Loan when President Wilson shall give our intention to the world, there will be no mistaking our physical and spiritual determination to stand every word. It is to be hoped that this interpretation shall bring a just peace, but it will result in quite a just continuance of this war.

The expenditure of the entire amount of the \$6,000,000,000 Fourth Liberty Loan has been contracted for and must be paid. Even if the war should abruptly end, the government's expenses could not diminish for months. The President has called upon us to buy six dollars of bonds. If this money were no longer necessary, he would have said so. He has called upon us to subscribe. He has not done this, but on the contrary, he has called to us that the loan must not fail. If it does fail, it must be replaced by taxes.

For national welfare and our personal patriotism and honor are in the balance. Success will finally break the weakened morale of the enemy and end the war; its failure will weaken the enemy and cripple our government in dictating and enforcing the terms of peace.

It is no time for selfish calculation of what we can afford, but United States Government bonds at par, with liberal tax exemptions, and peace nearly in sight should move us to avarice and cupidity themselves.

**SOUTHERN CALIFORNIA LIBERTY LOAN STATE CENTRAL COMMITTEE**

## Now's the Time When Money Talks.

## MUST OVERSUBSCRIBE LOAN.

Gov. Stephens yesterday issued the following proclamation: California never yet has failed in the performance of any duty connected with the prosecution of the war. She must not fail now. The quota of the Fourth Liberty Loan apportioned to California must be oversubscribed by our patriotic people. It is the California way to do more than is required.

If you have not yet subscribed for as many bonds of the Fourth Liberty Loan as you can carry do so at once. Any citizen who can afford to do so and who does not subscribe for one or more of these bonds, and thus directly contribute to the success of our sacred cause, is an unpatriotic American and should stand discredited and disgraced. This is your war and it is your duty to loan your dollars to the government that they may fight for you.

If you have subscribed for all the bonds you can pay for now it is up to you to subscribe for more bonds and go in debt for them. The rich and poor alike should buy bonds on the installment plan when they cannot pay cash for them.

Go to your bank and make arrangements for the bank to carry your bond purchases at the same rate of interest the bonds bear. Any bank in California gladly will assist the purchasers of Liberty Bonds. The banks and the people must co-operate in carrying this loan.

The banks must extend credit and the people must go in debt to purchase the safest and the best securities ever offered to any people at any time.

Two-thirds of the period allotted for raising this loan has expired and less than half our quota has been subscribed. Less than one week remains for us to complete our task and perform our plain and certain duty. If we are to measure up to our own professions of loyalty and devotion to American institutions and American ideals we will immediately determine what is the very limit of our ability to purchase bonds, both for cash and on installments, and then, without waiting to be called upon by a committee, make arrangements to buy all the Liberty Bonds we can carry.

## "KEEP ON SELLING BONDS."

Dr. John Willis Baer, chairman of the Los Angeles county Liberty Loan Committee, yesterday sent word to all the chairmen of committees in town and cities outside of Los Angeles "not to let up one hour in a relentless drive to sell more bonds."

"Germany has not quit—don't for one moment get the idea she has."

"When Germany surrenders and withdraws her troops, then, and then only, can Germany be taken into a conference for peace negotiations."

"I may not understand the use of words, but having read Sol's so-called peace statement several times, I cannot see any word of his that states clearly unconditional surrender."

"Sol says 'for the purpose of bringing about an armistice declares itself (Germany) ready to comply with the propositions of the President in regard to evacuation.' We don't want an armistice. We want peace with victory, and no peace made in Germany."

"Keep on selling bonds—and more bonds. Never mind if you are over your allotment. Go it harder and help Los Angeles make Southern California's record at least 100 per cent."

"Remember, the German pen grips ink easily—indeed, the German pen is now to be feared more than the German sword."

## SIGN UP FOR HONOR ROLL.

Every person who subscribes voluntarily to the Victory Honor Roll book at the Victory Loan Headquarters, No. 719 South Hill street, or at any bank or at Tank Victory, in Central Park, will receive a special honor badge and have his name published in the honor lists in the newspapers and every day's remaining until the grand finale next Saturday night, when Los Angeles will be simply MUST BE—over the top.

AT SAN FERNANDO.

The San Fernando Liberty Loan district has oversubscribed its quota of \$18,500 at least \$7000. This is the good news sent The Times by Fred W. Prince, chairman of the committee for that district. The committee for that district is headed by Northall and Sargent, and every day's remaining until the grand finale next Saturday night, when Los Angeles will be simply MUST BE—over the top.

"Our quota was subscribed with—"

(Continued on Second Page.)

## FOILS ATTEMPT TO BLOW SAFE.

### Yeggmen Caught in Act of Cracking Vault.

### Pass Themselves Off as Workmen and Escape.

### Nearly Secure Bonds Worth Thousands of Dollars.

Walking into the office of the Blyth and Witter Cappers, bond brokers, of Suite No. 124 Los Angeles Trust and Savings Building, yesterday evening, Leslie B. Henry, one of the members of the Fourth Liberty Loan Committee, foiled the plans of two yeggmen to blow open the safe, in which the police may have several thousand dollars in Liberty and other bonds.

Mr. Henry entered the first room of the office, and picking up a paper, sat down for a few minutes to read it. As he was sitting there, two men walked out, one of them remarking as he passed, "Well, he got through with the work on that job all right." Mr. Henry thought nothing of the incident, as considerable change has been made in the office during the last two days, and he supposed that the men were workmen, employed by the brokerage firm, to alter the office fixtures.

A few minutes later, however, the bond salesman, walking through the third room of the suite, in which is the big vault of the brokers, noticed considerable soap on the door. He examined it more closely and found a small hole, with a broken bit in it, about an inch above the combination dial. Mr. Henry then notified the police.

So nearly as could be ascertained by Detective Sergeant Harman Cline, in his investigation yesterday evening, the two men in question first entered the building about 4 o'clock p.m.

According to the police theory, the two safe-blowers were at work, drilling the hole in the safe, when Mr. Henry entered the suite of offices. Hearing his approach, the police believe, the men became nervous and in their hurry and excitement broke the bit with which they were boring a hole in the steel door of the vault.

Later, finding that Mr. Henry was making no effort to leave the office, the two yeggs decided to make a bold break for freedom, and succeeded. No description of them could be obtained.

## FATAL ILLNESS.

### Oscar C. Morgan, Member of Well-Known Firm on Pacific Coast, Passes Away at Home Here.

Oscar C. Morgan, a member of the Morgan Oyster Company, which operates in various Pacific Coast cities, died yesterday morning at his home, No. 610 Normandie avenue, after an illness of three weeks. He leaves a widow and several brothers.

The funeral services will be conducted at the Masonic Temple, Figueroa and Broadway streets, at 2 o'clock tomorrow afternoon, under the auspices of the Knights Templars. Mr. Morgan was also a member of Al Malakiah Shrine and was Past Master of Mountain View Blue Lodge. He was also a member of the Jonathan Club and was a native of San Francisco.

## DO SOME "CARVING."

### Police Stop "Argument" in Which Knives and Other Weapons are Used by Negroes.

What one of the participants reported as "a ill" friendly argument "about nothing in particular" came to a definite conclusion yesterday when Robert Bragg and Virginia Brooks, negroes, sought to drive home their side of the discussion with the aid of a couple of knives and other instruments considered deadly by the police.

Both women were considerably carved up when taken to the station from Fourth street and Central avenue, where the argument was started. Robert Bragg was held on the charge of assault with a deadly weapon.

## GIVE 'EM RIDE ALSO.

### Motor Car Bandits Make Appearance Here—Pick up Victims and Rob Them at Their Leisure.

Automobile bandits who removed their victims from downtown corners to spots less conspicuous early yesterday morning gave free rides to two men and relieved them of all their money and valuables.

The first one to be moved was Andrew Norman, No. 4212 Brighton avenue. He was standing near Seventh and Spring streets when a large touring car drove up, two men jumped out, hustled him into the back seat, and were before he realized what happened. The bandit car came to a stop at Ninth street and Maple avenue, where the three relieved him of \$200 in cash, his registration and classification cards, and all valuables.

H. S. Rolfe of No. 296 South Los Angeles street was the next victim. He was carried for about ten blocks and then robbed by the same gang, but lost only a few dollars in change.

## REPORTED MISSING, WOMAN IS FOUND.

### While the police of Los Angeles and Southern California were searching for her, Grace Peary, 24 years of age, of No. 1115 West Eighth street, who was reported as missing since the 10th inst., walked into the home of Chief of Police Butler and gave herself up late Saturday night.

The girl told Chief Butler she left home on her own accord. She was leaving her home as she had been staying with friends, she told Chief Butler, and was safe in every way. "After hearing the girl's story and in view of the fact that she is over age and not wanted by the police department, I allowed the girl to go back to the house of friends, where she had been staying," Chief Butler said.

\*\*\*\*\*

## NOW 'TIS SOAP FROM TREES.

### Dr. John T. Brady Breaks Loose Again with Outrage Palm-Planting Plan.

Dr. John Thomas Brady, the eminent soapologist of lower Main street, has fired his press agent and taken on the job himself again.

And having done so, he at once broke loose.

Dr. J. T. B. wants to plant a double row of palm trees along El Camino Real from Santa Barbara to San Diego for the double purpose of beautifying the famous highway and to start a palm oil industry in Southern California.

What's the use of importing oil from South and Central America when it can be produced in Southern California at small outlay and big profit, he argues.

When asked about the cost he merely puffed the idea.

"Cost?" said he. "Cost? Why California knows no such word when its free sunshine and fruitfulness soil works every day in the year with no outlay. Why the millionaires who winter here would donate a tree apiece and have their gardeners plant them. There you are. No cost at all."

## REPORTED MISSING, WOMAN IS FOUND.

While the police of Los Angeles and Southern California were searching for her, Grace Peary, 24 years of age, of No. 1115 West Eighth street, who was reported as missing since the 10th inst., walked into the home of Chief of Police Butler and gave herself up late Saturday night.

The girl told Chief Butler she left home on her own accord. She was leaving her home as she had been staying with friends, she told Chief Butler, and was safe in every way. "After hearing the girl's story and in view of the fact that she is over age and not wanted by the police department, I allowed the girl to go back to the house of friends, where she had been staying," Chief Butler said.

## CALL IS CLEAR FOR PATRIOTS.

Oversubscribe Our Liberty Loan Quota, is Slogan.

Workers Unite in Appeal to Get Back of President.

Towns that are Over Top Now Plan to Add to Total.

(Continued from First Page.)

Out even a house-to-house canvass," said Mr. Phipps, "except in a few isolated mountain and canyon sections."

From the first, the committee had been confident that when the people understood the need for making good on the Fourth Liberty Bond issue they would come forward of their own accord and enter their subscriptions, and we were not disappointed.

"Following a carefully prepared publicity campaign, culminating in a big patriotic rally a few days ago, the people of the country, by inspiring mountains ranches and valley farms, from packing-houses, business houses, canneries, schools, churches and from every walk of industrial and social life, and cheerfully responded to the request to do their bit for the cause of liberty."

"The people have oversubscribed their quota by \$7000, with some sections still to enter of the Liberty."

### ORANGE GOES OVER.

Orange went over the top with glad acclaim Saturday afternoon, when a great rally was held in that city. H. L. Wells, president of the War Speakers' Bureau, was the principal speaker and gave an inspiring address. There was stirring patriotic music and at the close of the programme, when the subscriptions were tabulated, it was announced that the quota for Orange of \$323,350 had been more than reached.

### AS SERBIAN DAY.

Next Thursday has been designated as "Serbian Day" in the Fourth Liberty Loan campaign. The Serbs of Los Angeles and vicinity will make special efforts on that day to increase their quota of subscriptions. On that day every American who honors the courage and the spirit of the Serbs that no sufferings have broken, is asked to show the colors of this ally as an acknowledgement that the debt civilization owes to Serbia is not to be reckoned in dollars and cents.

Special appeals have been issued to the Serbs, asking them to stand behind their country by inspiring America in the present Liberty Loan, and impressing upon them the fact that this country, together with France and England, stands pledged to the restoration and reconstruction of Serbia.

The tank Democracy corps closed its tour through Southern California Saturday evening with a meeting at Alhambra, where within two hours \$22,000 was subscribed for Liberty Bonds. More than \$600,000 worth of Liberty Bonds have been sold by the tank Democracy corps within the fifteen days of its tour. Tank Liberty finished its tour at San Diego Saturday evening with a total record for the campaign of sales aggregating \$1,106,000.

Matthew Kressich, chairman of the Croatian-American Committee in the Liberty Loan campaign, yesterday reported this section as being the first of the foreign nationalities divisions to go over the top. The quota was placed at \$25,000 and more than \$12,000 had been raised yesterday, with the committee setting its mark at \$150,000 for the entire campaign. No less than 100 subscriptions should be forthcoming from people of this nationality who enjoy the blessings and privileges of living in America.

Thirty-four Salt Lake employees at Yermo have subscribed for \$11,450 worth of Liberty Bonds.

## MUST SPEED UP LOAN EFFORTS.

Reserve Bank Representative Issues Appeal to Get Back of the President.

Leslie B. Henry, special representative of the Federal Reserve Bank, yesterday issued the following appeal to city and county Liberty Loan campaign chairman:

Our present world situation imperatively demands that every Liberty Loan organization in Southern California immediately speed up its efforts to the maximum that community oversubscription shall be recorded as soon before October 19 as possible.

There are no conditions attached to this direction. Our President is now considering Germany's conditional acceptance of the peace terms he has outlined for the Allies. Until he has the specific knowledge that the civilian population is behind him to the last dollar he asks for our inspired President cannot bring to his fearful and momentous task the assurance that will prompt the most courageous as well as the most just action.

No specious excuses by rich or poor must be permitted by you and your associates for a single instant to interfere with what now transcends the personal and even the American in our relations to this war.

It represents in this phase what we all hope shall prove the climactic point in the struggle between international right and wrong, and we must see with a mighty appreciation for the responsibilities that are ours. It is one thing to be lenient with those who have inwardly adjudged slackers while accepting their limited subscriptions when less vital hours than these were before us. But from now on until October 19 you must look for results in dollars and cents, working for voluntary action by subscribers, where possible, but ever ready to resort to every legitimate forceful power available as the situation shall demand.

### BURGLARS ARE BUSY.

Pay Sunday Visits to Two Downtown Places, but Reports Show that They Got Nothing.

Attempts were made yesterday to rob the Leach Motor Car Company's plant at No. 1133 South Grand avenue and the Chanslor & Lyon store at Twelfth and Grand, according to reports received by the police.

In the Leach company's building a night watchman discovered someone in the place and called the police. A thorough search was made, but no one found inside. Later a back door was found open, showing the burglar had been hiding in a repair pit while the officers were searching and escaped after the police left.

Entrance to the Chanslor & Lyon store was gained by breaking a window pane on the second floor in the rear of the building and opening the lock on the window sash. The burglars were surprised as they were getting started by R. E. Thomas, an employee of the place, who gave the alarm.

So far as it could be checked up yesterday nothing was taken in either place.

### "FLU" HITS VENTURA.

(EXCLUSIVE DISPATCH.) VENTURA, Oct. 13.—Four cases of Spanish influenza have developed here. Three, brought from Oxnard, are in the County Hospital. A fourth has been in Ventura. The cases are isolated.

### SONG SPONSOR TO BE THRIFT DANCE SOLOIST

Miss Josephine Nell, well-known soprano, is to be the soloist at a Thrift Stamp entertainment and dance to be given Saturday evening by The Times War Savings Society in the Times Assembly Hall, providing the influenza ban is lifted by that time. The purchase of one Thrift Stamp will be the sole admission cost.

Miss Nell appeared at Clune's Auditorium last week in Japanese costume to introduce the new song "Cherry Blossoms," which she will sing at the Times War Savings Society's affair. Six little ones in costume formed her escort at the Clune affair.

Miss Josephine Nell.

## SHE WAS ONLY TWENTY

Yet Suffered with Functional Disorder and Was Cured by Lydia E. Pinkham's Vegetable Compound.

Spring Valley, N.Y.—"For many months I suffered from periodic pains—I doctored with our family physician but received no relief—then I explained my trouble to another doctor and he advised me to take Lydia E. Pinkham's Vegetable Compound. Soon after taking it I began to notice a change for the better, and after taking six bottles I am in perfect health, and I can not thank you enough for the relief it has given me."—Miss Kate Lawrence, Box 725, Spring Valley, Illinois.

School girls and girls who are employed at home or in some occupation should not continue to suffer tortures at such times, but profit by the experience of Miss Lawrence and thousands of others who have tried this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, and found relief from such suffering. If complications exist, write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their forty years experience in advising girls on this subject is at your service.

## ISOLATION FOR CITY'S VICTIMS.

Hospital Opened to Care for Afflicted Persons.

Red Cross to Help Fight the Influenza Here.

Number of Cases Show but Slight Increase.

[There is nothing in the so-called epidemic of influenza in Los Angeles to warrant any scare, any apprehension or any interruption of business or the ordinary transactions of life.]

Further steps to forestall an epidemic of influenza here were taken yesterday by the city health department, when Health Commissioner Powers and Dr. S. P. Brooks of the United States Public Health Department ordered the building occupied by the Parent-Teacher Clinic, No. 936 Yale street, converted into an emergency hospital.

The building will be fully equipped immediately, under the direction of E. D. Loman of the Red Cross. It will have a capacity of 200 beds and the Red Cross will be in charge of it. Primarily it will accommodate soldiers and sailors, but to the extent that it is necessary to safeguard the health of the general public it will open its doors to any case of influenza which, in the opinion of the health authorities, should be isolated.

Dr. Powers and Brooks and Mr. Loman visited the Parent-Teacher Clinic yesterday and made arrangements for its immediate occupancy and Mr. Loman spent the remainder of the day making plans for fitting up the emergency hospital without delay.

Forty-one cases of influenza and one death were reported at the City Health Office yesterday forenoon. Reports were not received during the afternoon, and the customary mail reports did not arrive, on account of it being Sunday, so a fair statement of the number of cases which manifested themselves yesterday was not available, but Health Commissioner Powers expressed the opinion that the number might not be less than that of Saturday's report.

### TENNESSEAN DIES.

The one death from influenza pneumonia which was reported yesterday occurred at the isolation hospital in Elstian Park. The victim was a sailor—one of the Tennesseans who arrived here from Memphis ten days ago. His case was mild at first and he spent several days with his companions in quarantine camp at Anacostia Park, but he was later transferred to the isolation hospital, where he died Friday night.

Yesterday, for the first time, all Los Angeles got a practical application of Sunday-closing laws. One hundred and fifty thousand people had to stay home from church because there were no church services.

Fifty and was selected to go out of the large class that graduated with her.

Before her departure, Mrs. Holmes was entertained at a farewell dinner at the Hayward by friends, who presented her with a leather writing case. On that occasion she wore her famous ermine scarf for the last time for many months, since she is permitted nothing but the regulation uniform and equipment to take with her. Mrs. Holmes has been very active in Red Cross work in Los Angeles for the past two years.

### FUNERAL TODAY FOR CIVIL WAR VETERAN.

WAS RESIDENT OF SOUTHLAND FOR MORE THAN THIRTY-FOUR YEARS.

Private funeral services will be held today for Capt. John H. Folks, a veteran of the Civil War, for thirty-four years a resident of the Southland, who died Saturday, at his home, No. 1150 Douglas street, at the age of 81 years.

He was born in Ohio, August 3, 1837. When the Civil War broke out he joined the Twenty-sixth Illinois Infantry, and served throughout the entire war with him. During the time he was made a captain. At the close of the war, Capt. Folks moved to Wellington, Kan., where for a number of years he was the publisher of a daily paper.

Thirty-four years ago he and his wife drove across the plains from Kansas with a mule team, settling in San Diego. Here the captain entered the real estate business. From 1891 to 1894 he was Sheriff of San Diego county.

After living in San Diego fifteen years, the Folks family moved to Los Angeles, where Capt. Folks entered the pension business. He continued in this business until four years ago, when he and his wife left the city to take up a claim near India.

Capt. Folks was a Mason, and a member of Stanton Post, G.A.R. He leaves, beside a widow, Mrs. Frances A. Folks a son, John R. Folks, who is at present in Korea, and two daughters, Mrs. H. B. Light and Mrs. Edna J. Johnson, both of Los Angeles.

### FUNERAL SERVICE FOR FRATERNAL HEAD.

Private services will be conducted this afternoon at Rosedale Cemetery for Luther Flood, who for fifteen years was district manager here for the Woodmen of the World. Mr. Flood died last Saturday at his ranch near Hesperia, from double pneumonia, which followed an attack of Spanish influenza.

Mr. Flood, who was 54 years old, had been a resident of Los Angeles county since 1869, coming to Compton in that year with his father, J. J. Flood, who was one of the earliest American ranchers to settle in that community. Through his long connection with the Woodmen, Mr. Flood was widely known in fraternal circles throughout the State. More recently he had been engaged in developing his ranch near Hesperia. He leaves a widow, Mrs. Jennie Flood, and two daughters, Mrs. N. B. Nelson and Miss Gertrude Flood. Cunningham & O'Connor will have charge of the services at Rosedale, this afternoon, which will be strictly private.

Mrs. Robert P. Holmes.

### LUMBER MAGNATE'S WIFE GOES TO FRANCE.

MRS. ROBERT P. HOLMES WILL TAKE UP RED CROSS WORK IN WAR ZONE.

Mrs. Robert P. Holmes, wife of the lumber magnate, is now on her way to France to engage in Red Cross work, it became known yesterday. She left Los Angeles Friday.

Mrs. Holmes, who has long enjoyed the distinction of being one of the most beautiful of Angelenos, completed her Red Cross training at the County Hospital last spring, and has been awaiting her call to service in quarantine camp at Anacostia Park, but he was later transferred to the isolation hospital, where he died Friday night.

Yesterday, for the first time, all Los Angeles got a practical application of Sunday-closing laws. One hundred and fifty thousand people had to stay home from church because there were no church services.

Fifty and was selected to go out of the large class that graduated with her.

Before her departure, Mrs. Holmes was entertained at a farewell dinner at the Hayward by friends, who presented her with a leather writing case. On that occasion she wore her famous ermine scarf for the last time for many months, since she is permitted nothing but the regulation uniform and equipment to take with her. Mrs. Holmes has been very active in Red Cross work in Los Angeles for the past two years.

At the studio. Latest reports from the picture studios indicate that in case influenza conditions do not improve, production will be greatly curtailed. At the Lasky studio, where several companies are working at present, Cecil de Mille, Norma Talmadge, with Sidney Franklin directing, commenced work on new pictures last week and Vivian Martin and Ethel Clayton are to start on new pictures today. All companies, including those of Bryant Washburn, Constance Talmadge, Wallace Reid and Lila Lee, will continue work until their current productions are finished, at which time the influenza situation, as the same affects the theaters throughout the country, will determine whether or not they shall close down for a month's vacation. Lila Lee finishes this week, and will then take a month's vacation, during which she will journey to New York. Bryant and Talmadge are reported afflicted with the malady. At Universal City, practically the same order has been issued, at which time the influenza situation, as the same affects the theaters throughout the country, will determine whether or not they shall close down for a month's vacation. Lila Lee finishes this week, and will then take a month's vacation, during which she will journey to New York. Bryant and Talmadge are reported afflicted with the malady. At Universal City, practically the same order has been issued, at which time the influenza situation, as the same affects the theaters throughout the country, will determine whether or not they shall close down for a month's vacation. Lila Lee finishes this week, and will then take a month's vacation, during which she will journey to New York. Bryant and Talmadge are reported afflicted with the malady.

Triangle studio has closed for a month, and at the same time studio. No orders have yet been issued from headquarters to the Fox, Inca, Vitaphone and Metro studios, so far as known, but it is likely they will pursue the same course as Lasky and Universal.

Charlie Chaplin has commenced work on a new picture, and Roscoe Arbuckle is looking for a studio. Brunton studios are running with their ten companies, belonging to different organizations.

# Announcement by Anheuser-Busch

## Missouri's Largest Industrial Institution

*President Wilson, as a necessary conservation measure, has issued a Proclamation prohibiting the manufacture of cereal beverages on and after December 1, 1918, which Proclamation also makes it necessary to discontinue the manufacture of Bevo—the Anheuser-Busch soft drink.*

**As a patriotic duty we accept without reservation the conditions of the President's Proclamation and on and after Dec. 1 our manufacturing plants will be closed—and they will remain closed until such time as we may be permitted to reopen them with the full sanction of the Government, or until we convert them for the manufacture of materials required by the Government in the prosecution of the war.**

The Government's conservation program makes it necessary to suspend the beverage business of the Anheuser-Busch plants. We consider it a privilege to co-operate with the Government in making its war program effective, and to comply with every request and suggestion of the Government to the end that German armies may be more quickly defeated and German autocracy overthrown—to the end that an enduring peace may be established that will insure justice and protection to all nations and all peoples and make future wars impossible.

*We stand squarely behind the Government in the prosecution of the war to a victorious conclusion. We regard the sacrifices we are making, amounting to many millions of dollars, as insignificant and inconsequential when we think of the benefits that will accrue to the world under the terms of the unselfish and altruistic war aims of the United States as defined by our President.*

The Anheuser-Busch Brewing Association is pre-eminently the foremost and largest institution of its character in the world. It has plants covering more than 75 city blocks in St. Louis, and branch houses in many other cities and foreign countries. The business of Anheuser-Busch was world-wide. Its highly efficient executive and sales organization, as far as war conditions will permit, will be retained intact; and after the war for Democracy shall have been won, we shall be engaged again in useful industry.

The Anheuser-Busch plants are equivalent to a city in themselves. They represent an invested capital of \$60,000,000. There are many modern manufacturing units in the group of plants—one, the new Bevo bottling and shipping plant, with equipment, costing approximately \$10,000,000, and being the best industrial plant of any character in the world.

Anheuser-Busch pays annually more than \$3,000,000 in Federal, State and Municipal taxes.

Anheuser-Busch employs at good wages from 6,000 to 7,500 persons.

Anheuser-Busch industries support nearly a score of other useful industries of considerable magnitude.

During the period that Anheuser-Busch is out of active business, we shall take all necessary steps to protect the good name of this institution, which always has stood for 100 per cent. integrity and 100 per cent. efficiency. In the excitement of war false reports and statements are circulated with reckless disregard for truth. Anheuser-Busch has been the victim, unfortunately, of many such false reports.

In this connection we consider it opportune to so clearly define the attitude of this institution and its officers that there can be no further excuse for misrepresentation.

*As an American institution, founded by Americans more than 60 years ago, and continuously owned and operated by Americans, Anheuser-Busch has unmistakably expressed its Americanism by subscribing to more than \$3,000,000 of Liberty Bonds and the contribution of \$500,000 to the American Red Cross and other war relief organizations of the United States and the Allied cause.*

Every employee of Anheuser-Busch—more than 6,000 in number—is a subscriber to Liberty Bonds and a contributor to the Red Cross and other war charities.

*As a further contribution toward winning the war, August A. Busch, president of Anheuser-Busch, upon America's entry into the conflict, voluntarily cancelled all commercial contracts of the Busch-Sulzer Bros. Diesel Engine Co., of which he is president, and since that time the entire facilities of this \$3,500,000 plant have been exclusively devoted to the manufacture of engines for the submarines of the United States Navy. The engines manufactured by this plant are conceded to be the finest and most perfect made anywhere in the world.*

Mr. Busch also has arranged to lease to the Government for the period of the war one-third of the 26 acres of floor space of the new \$10,000,000 Bevo plant.

The manufacturing facilities of the \$60,000,000 Anheuser-Busch plant, in part or entirety, have been tendered to the United States until the end of the war.

Over-enthusiastic agitators and envious competitors have attempted to prejudice the public against Anheuser-Busch on account of the purchase in October, 1915—when this country was neutral—of some German Government bonds by August A. Busch and for the account of his mother, Mrs. Adolphus Busch.

The truth is that these bonds were purchased 18 months before the United States declared war on Germany, and at a time when there was no thought that this country would become involved in the war.

The German bonds were sold by the principal banks, trust companies and bond houses of the United States and widely advertised in newspapers, and sold with the full knowledge of the Government. Many financial institutions, and thousands of loyal citizens, still own these bonds.

The bonds were sold by the same institutions that sold French, English, Italian and other war bonds. They were sold at 84 cents on the dollar, and recommended by financiers as good investments, paying a return of nearly 7 per cent.

Some professional agitators have undertaken to make it appear that Mr. Busch bought the German bonds to aid Germany in making war on the United States. When these bonds were sold it was publicly announced that the funds were to be used to establish commercial credits for Germany in this country—credits such as the allied countries enjoyed through the sale of their bonds.

*The fact that this transaction was in October, 1915, and that the United States did not declare war on Germany until April, 1917, should set at rest the ridiculous charges circulated principally by paid agitators reflecting on the loyalty of Anheuser-Busch.*

Anheuser-Busch was founded upon the solid rock of Americanism and grew to be a great institution under the protection of American democracy. The late Adolphus Busch, for many years its president, laid the foundations of the character of Anheuser-Busch so broad and deep that this institution always has represented in the industrial world vastly more than a beverage industry. The name of Anheuser-Busch has been associated with, and will continue to be associated with, great industries in various fields of manufacture, finance, railroading, mining, hotel building and operation, etc.

The intensely loyal organization, created by Adolphus Busch, and strengthened under succeeding management, always will be found fighting to uphold American ideals of government and American principles of fair play.

*Anheuser-Busch is ready to sacrifice everything except loyalty to country, and its own honor, to serve the Government in bringing this war to a victorious conclusion.*

We wish to express our gratitude to our dealers and the thousands of loyal friends whose co-operation and support have been an invaluable asset to this institution. We assure them that after the war Anheuser-Busch again will take its place among the important and indispensable industrial institutions of America.

Anheuser-Busch, St. Louis, U. S. A.
